ANALYSIS

- Use**

A Liquor Establishment, Tavern is defined as a facility which sells alcoholic beverages for consumption on the premises where the same are sold and authorizes the sale, to consumers only and not for resale, of alcoholic beverages in original sealed or corked containers, for consumption off the premises where the same are sold.

- Parking**

Title 19.04 sets required parking for Mixed-Use development on a case-by-case basis, depending on the requirements of the individual uses represented on the site. The City Council approved a Variance (VAR-10773) to allow 3,955 parking spaces when 4,961 parking spaces were required based on the uses outlined in the Site Development Plan Review (SDR-10770).

- **Waivers**

The applicant is requesting a Waiver from a similar use and a City Park, pursuant to the Minimum Special Use Permit requirements number 5d. The first Waiver is from a similar use, which is a Tavern located at the Angel Park Golf Club and the subject Mixed-Use development. The Angel Park Golf Club and subject Mixed-Use development are located, on and adjacent to the subject site or zero feet from a similar use. The second Waiver is from a City Park, which is approximately 140 feet from the proposed Tavern. Finally, a proposed Private School, Primary is to be located within Boca Park. The Special Use Permit (SUP-33770) and Site Development Plan Review (SDR-33773) will be heard by the Planning Commission on 05/28/09.

The requested Waivers are appropriate on the subject site. First, the Waiver from a similar use is consistent with the adoption of Ordinance 6013, which allows the minimum separation distances for Taverns to be waived in Mixed-Use developments. Second, the Waiver from a City Park is appropriate as the proposed Tavern is approximately two miles away walking distance, but 141 feet measured diagonally. Finally, the proposed Private School, Primary use will be 1460 feet from the proposed Liquor Establishment (Tavern) use where 1500 feet is the minimum distance required. A Waiver for the minimum distance separation from the proposed Private School, Primary use is not needed as it has not received any entitlements to date. The requested Waivers are appropriate on the subject site, therefore staff is recommending approval of the proposed Liquor Establishment (Tavern).

FINDINGS

In order to approve a Special Use Permit application, per Title 19.18.060 the Planning Commission and City Council must affirm the following:

1. **“The proposed land use can be conducted in a manner that is harmonious and compatible with existing surrounding land uses, and with future surrounding land uses as projected by the General Plan.”**

The C-2 (General Commercial) zoning district is consistent with the General Plan designation of GC (General Commercial). The proposed Supper Club is a compatible use with neighboring commercial and residential uses within the approved Mixed-Use development. Therefore, the proposed use will be compatible and harmonious with the existing uses and future surrounding land uses.

2. **“The subject site is physically suitable for the type and intensity of land use proposed.”**

The site is physically suitable for this type of use and the intensity is appropriate in this area of the City. Ample site access is provided and adequate parking is being provided in accordance with the approved Variance (VAR-10773) for the Mixed-Use development. The proposed Liquor Establishment, Tavern is appropriate in these types of Mixed-Use developments.

3. **“Street or highway facilities providing access to the property are or will be adequate in size to meet the requirements of the proposed use.”**

The subject site is accessed by Rampart Boulevard, a 100-foot Primary Arterial, or by Alta Drive, an 80-foot Collector Street, as depicted within the Master Plan for Streets and Highways. Both streets are sufficient to accommodate the amount of vehicular trips associated with the proposed use.

4. **“Approval of the Special Use Permit at the site in question will not be inconsistent with or compromise the public health, safety, and welfare or the overall objectives of the General Plan.”**

The proposed use will not result in detrimental effects to the human health and public safety as the project must comply with Chapter 6.50 of the Municipal Code, as well as section 268.090 of the Nevada Revised Statutes, which further governs the sale and distribution of alcoholic beverages.

5. **The use meets all of the applicable conditions per Title 19.04.**

The proposed use does not meet all Minimum Special Use Permit Requirements pursuant to Title 19.04 due to the proximity to a City Park and another Liquor Establishment (Tavern). The Waiver of the minimum distance separation requirement is appropriate for the proposed use within a Mixed-Use development due to the proximity to a City Park and the adoption of Ordinance 6013.
